Introduction To Law For Paralegals: Critical Thinking Approach, 5th Edition (Aspen College)

Synopsis

Revision of successful introduction to law text for paralegal students Features: Comprehensive, intelligent overview of all the key concepts covered in a typical introduction to law course. Critical thinking approach used to introduce students to the study of law, encouraging students to interact with the materials through hypotheticals, examples, and well-designed questions. Divided into three parts, reflecting the topics addressed in an introductory course. Part I, Paralegals and the American Legal System, introduces students to the role of the paralegal, sources and classification of law, the structure of the court system, and an overview of litigation. Part II, Finding and Analyzing the Law, offers an overview of the basics of legal analysis, research and writing. Part III, Legal Ethics and Substantive Law, covers substantive law. Teaches students the basic skills necessary to understand statutes and court cases. Strong pedagogy includes ethics alerts, marginal definitions, Internet references, and legal reasoning exercises throughout the book. Material presented in an accessible and well-organized format. Substantive law chapters use edited cases to teach students how to read and analyze the law. Appendices on good writing, citation, the U.S. Constitution, Ethical Codes, and additional Net Notes. New to the Fifth Edition: Authors will continue to streamline the book, making chapters even more accessible and teachable Updated with new cases and changes in statutory law New web exercises Updated internet references throughout the book. New legal reasoning exercises reflecting current cases Complete U.S. Constitution will be included as an appendix

Customer Reviews

I rented this book for a Law course I am taking. Book was in great condition and very informative. Anyone looking to get a good introduction to the law, legal research or is interested in becoming a paralegal would benefit from it.

Lots of info. Used in all classes. Easy to understand. I might resell it for an equally great price...if I ever learn the process! On the other hand, great resource to keep if you plan to get a job as a paralegal.

I refer back to this book for all my legal classes. I have found that it is easier to understand and elaborates more than many other text books. I can say how effective the online code is that comes with the book, I have never had to use it.

This book is recommended for my Law class and so far I find it to be very good in the information that I need to do my class. Great reference material...

Utilizing this for the law course I am presently enrolled in university, it worked excellently. A very knowledgeable book, at a great price.

The book is a typical college textbook. It's ok, nothing special. The glossary in the back is helpful, and the sample cases are ok.

This book is exactly what i needed for my class, without it i would be way behind my class assignments.

Great book, very helpful!
