This is an excellent source for undergraduate students and those who are concerned about the state of our modern criminal justice system. I liked it so much, I kept it for reference after I finished my CJ courses.

It was cheaper (even with shipping) to buy the book here than it was at my school's bookstore. I don't sell textbooks back because you never get nearly what you paid for them, but this one was pretty good regardless. I was able to use it for several other papers in other classes.

Yes!!!! One of my favorite texts to learn from. Arranged by articles but easy to comprehend. It did take almost the full 2 weeks to arrive, so was slightly disappointed by that.

I have to give this book an excellent rating even though I earned a "B" in the study of criminal justice system; no fault of the book..

Helped me pass my class and overall was a very informational book. Chapters weren't too long so I wasn't stressed about reading 2 at once.

Book was basically brand new, got here fast. Amazing price.

Just what my daughter was looking for.

love renting my books for grad school
