Construction Accounting & Financial Management 5th Edition

Synopsis

Construction accounting and financial management comes with its own special set of problems - but you'll learn how to solve them with the fifth edition of this comprehensive, easy to use, and fully up-to-date sourcebook. From better accounting and financial management for controlling labor, materials, supplies, and equipment costs to auditing and tax considerations under the 1986 tax reforms, no other reference helps you get the numbers right like this one. --This text refers to the Hardcover edition.

Customer Reviews

Very professional and practical - well structured topics

The book arrived when it was supposed to and is in mint condition. I couldn't be happier.
