Gagged And Bound: A Book Of Puns, One-liners And Dad Jokes

Synopsis

Gagged and Bound is a riotous, rapid-fire collection of over 500 original gags written by pun-loving jokesmith Nick Jones and published by Full Media Ltd. With a mixture of witty one-liners, playful puns and dubious dad jokes, coupled with some great visual gags illustrated by Tiffany Sheely, *Gagged and Bound* will leave you grinning like a maniac – so probably best not to read it while travelling on public transport. "A succession of one-liners, puns and dad jokes going at your laughing muscles in a joyously pell-mell, headlong way. It's irresistible." The Bookbag "I would recommend this book to anyone looking for a joke book that's varied and full of easy one-liners." Reader's Favorite "This is a very funny book." Red City Review Jokes include: When I'm in the kitchen with my wife and I ask her for the sieve, she always throws it at me. She's pass-sieve aggressive. What happens when herbs get into debt? They receive a visit from the bay leaf. Every dog has its day. It's called International Dog Day. I've written a self-help book for people trying to lose weight but it hasn't been very successful. It's called Help Yourself.

Best Sellers Rank: #558,748 in Books (See Top 100 in Books) #85 in Books > Humor & Entertainment > Humor > Puns & Wordplay

Customer Reviews

A truly funny book that had me laughing out loud before I finished the Introduction. What struck me first was that the material is original. I hadn't read or heard any of Jones's pieces before – which made each pun, one-liner and dad joke a new experience. The puns alone were taken to a high level. And yes, there were a couple of groaners. You know, the kind where your spouse/friend rolls his/her eyes, but still laughs? But then, to me, that's also part of the pun's appeal. Many of the one-liners were downright clever, sometimes leaving me a second reading before the light bulb flicked on. The payoff, however, was always worth it. As Jones suggests, I read this in short

bursts over a few days. While doing so, I thought it interesting that I could return to prior pages and still get the same laugh as I did the first time. I believe that's the mark of a good joke book. I'm recommending this one.

It's truly hard to be original AND funny these days. Both written and spoken jokes either have to be crude or edgy to receive any kind of attention of late - however, that isn't true with this one. Corny one-liners, coupled with tickling "old-man" jokes, honestly had me giggling to myself...alone...in the living room. If you're looking for some light hearted humor to pass the time, instead of scrolling through your Facebook feed for the 5000th time, then this is it.

Well, this was definitely one of those books that my kids and I could enjoy together. A great way to end our nights. My son is in his early teens, and I can guarantee that some of the jokes shall find their way into the lunch time shenanigans. Granted, even I found myself in cackles of laughter at times. And that's saying something. Trust me, it takes a bit to get me started. Original, well executed, and bound to hit that comic chord in any who enjoy a good old chuckle - the clean way.

I selected five stars because the jokes in this collection were funny in an off centered away. I don't know much about this author but I get the impression he is British. Now that is not a problem for me because I like the way British humor goes. Now this not a long book, but you will get a laugh or two from it. A person would have to be without a sense of humor not to find something funny in this book. Just remember that it makes reference to British ideas.

Since mother nature played a joke on me this weekend by dumping a bunch of snow in Springtime, I figured I would stay in and read something funny. This book is quite amusing with many one liners and even willy illustrations that are jokes themselves. There were a couple that had me scratching my head, but I assumed they are UK references.. and being an American I am not privy to the punch line. If you want a nice read to put a smile on your face without being utterly offensive-- then you found your book.

The perfect Christmas present. Laugh-out-loud hilarious jokes, with plenty of fresh gags make this book a must have in anyone's humour collection. Nick Jones had my whole family in hysterics with his huge collection of intelligent quips and puns. The humour is clean, imaginative and great fun for everyone. I hadn't heard of the author before reading this book, but I'd definitely go and see him do

stand-up on the basis of this material. Thank you Nick Jones!

This is an amusing collection of pithy jokes and one-liners that is an ideal coffee table book to pass the time. It's also handy if you are a speechwriter and are looking for inspiration. It's not perfect however; as with all joke books, there are some misses and it could have done with the jokes being collated in a more accessible fashion. It also should be highlighted that the humour (note the 'u'!) is very much aimed at a British audience, so there will quite a few references that will go over the heads of an American reader. But that's enough nitpicking; this is an entertaining first volume and I look forward to seeing what the witty Mr. Jones writes next.

I bought the Kindle version and find it great to dip into when I have a few minutes to kill, as the majority of the jokes are pretty short. Some of the jokes will have you groaning at the sheer cheesiness, but that's all part of the charm! The humour is very family friendly. I'd have liked the jokes to have been collated in a different way (e.g. categories - sports, films, etc.), but you don't really notice this if you're just reading the book for a few mins at a time. I bought more copies for friends and family members at Christmas, and they've enjoyed it too.
