I received my order in time but the box was BROKEN. In general the service was excellent. The performance of the team is better than other sites of books.

I can't complain about the product quality. The description said it was used but it's between used-new. It just has the library stamp and the Dewey decimal system sticker still stuck to its spine, plus it's missing the paper wrap that goes around the hardcover, but I don't mind any of these things. The pages are in excellent quality, no marks whatsoever. EXCELLENT book!
