Customer Reviews

As a long-time casino-goer and slot machine user, I looked forward to reading this book. I was very disappointed, and am sorry to say that I found it a waste of time. It is a generalized, long-winded essay on slot machines that tells you everything you never wanted to know about them - except how to WIN on one.

This book doesn't tell you anything. If you've spent any time in a casino you already know the machines are random so forget any system, and to look odds on the machine and be sure to play the all the pay lines. I thought this book would give me more but was dissapointed.
