Synopsis

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Customer Reviews

Most of this book called "Uruguay" is not about Uruguay at all. It's some description of terms in asphabetical order and has nothing with Uruguay. Other, small part of the book, is very old (dated) information about Uruguay from years 2003-2009. So, it was totally wasting of money. Such a shame.

I know little about the countries of South America except their names and their capitals. This is the first book I have read about the history of a South American country. It is well written, interesting. I

hope to read more about the history of South American countries.
